

Tree Removal/Cutting Application

1 Applicant Information

Owner name	
Address	Postal code
Phone	Email

2 Statement of Purpose

Tree removal applications are only required for protected trees that are greater than 20cm diameter breast height (dbh), however, if you require an application to remove trees greater than 20cm dbh you will need to provide us details on those less than 20cm dbh to allow us to accurately calculate fees.

See tol.ca/treeprotection for information on measuring dbh.

Complete the appropriate section (A, B, or C) for your application.

A Removal of trees in conjunction with a building permit

Include the following information on your site plan.

Application Type	# of trees less than 20cm dbh	# of trees 20 – 30cm dbh	# of trees over 30cm dbh
In conflict with building envelope			
In conflict with driveway location			
In conflict with new septic system location			

B Removal of trees that are dying, diseased or damaged beyond expectation of recovery

Include the following information on your site plan, and provide photographic evidence of the tree(s) condition with your application.

Application Type	# of trees less than 20cm dbh	# of trees 20 – 30cm dbh	# of trees over 30cm dbh
Dead, dying, diseased, or damaged beyond expectations of recovery			
In imminent failure			

C All other tree removals

Provide an Arborist report.

Application Type	# of trees less than 20cm dbh	# of trees 20 – 30cm dbh	# of trees over 30cm dbh
Trees deemed inappropriate for their size, species or location			

3 Property

Address (if no civic address, provide hundred block and street)	Postal code
---	-------------

4 Mitigation

Drainage and erosion plans during and after work (if any creeks or slopes of 30% or more exist on the property, indicate plans)

Method and location of disposal of wood waste and other debris (no debris stored or placed on Township property)

5 Checklist

Tree Removal/Cutting

- Site plan, including:
 - Boundaries of the subject parcel
 - Abutting streets, lanes, or public access rights-of-way
 - Locations of existing buildings and structures
 - Location, species, and DBH of proposed trees to be cut or removed
 - Location of any watercourses on property, or location of slopes greater than 30%
 - Location of adjacent trees (if applicable)
- Photographic evidence of tree condition for removal of trees that are in imminent failure, or are dying, diseased or damaged beyond expectation of recovery
- Arborist report for trees that are deemed inappropriate for their size, species or location
 - Find arborist report writing guidelines, including a list of required details, and further details about application submission requirements at tol.ca/treeprotection
- Nesting bird survey (if applicable)
- Agent authorization form (if applicable)

6 Signatures

I hereby apply for a Tree Removal/Cutting Permit. By signing this document I/we acknowledge that we will not remove or cut any trees on our property pending permit issuance in accordance with Tree Protection Bylaw 2019 No. 5478, as amended, and will comply with any other conditions and/or requirements requested by the Township of Langley. I acknowledge that this is not a Tree Removal/Cutting Permit and that work will not begin until a Tree Removal/Cutting Permit has been issued.
